

## 4. Photo Galleries: to update or create a new photo gallery

- Once you are in the detail view, click on "Project data" tab and scroll down to "Project Images & Videos"
- The photo uploader will show - just select an existing image or upload your own
- Wordpress will create all the definitions but don't upload images larger than 1500px - click "Update"

The screenshot displays the WordPress admin interface for editing a portfolio item titled "Gourmet Plates". The main content area shows the "Project data" tab selected, with fields for "External URL" and "Project short description". A modal window titled "PROJECT IMAGES AND VIDEOS" is overlaid, showing a grid of four food images with "Clone" and "Edit" buttons, and buttons for "ADD IMAGES", "ADD VIDEO", and "REMOVE ALL". The background interface includes a sidebar with navigation options like "Dashboard", "Posts", "Media", and "Portfolio", and a right-hand sidebar with settings for "Social Share & Locker Settings", "Publish", "Portfolio Categories", and "Cache Options".
